OVERVIEW OF TS-Lets Confectionary

History of TS-Lets Confectionary

TS-Lets Confectionary began as a local bakery dedicated to producing high-quality baking to the community of Mankweng in Limpopo. Ts Lets Confectionery officially started operating as a registered formal business in May 2015. The popular cake shop was founded and is owned by local South African entrepreneur Tshepo Matsaung, who initially started the baking operation from home before expanding it into a registered bakery near Paledi Mall.

The Bakery is located along the R71 road close to Paledi Mall, the business grew from a small kitchen operation into a cake shop. The cake shop produces freshly baked custom cakes for life's biggest celebrations, the shop has earned a stellar local reputation for delivering products that are consistently described by locals as "beautiful and tasty".

MISSION

Their mission is to bake joy into the heart of our community by providing freshly prepared, high quality hand-crafted custom cakes. They are committed to using premium ingredients, offering affordable prices, and delivering exceptional local service.

VISION

They see themselves as the go-to custom bakery and confectionery destination in Mankweng and the greater Polokwane region, recognized for our innovative cake designs, delightful taste, and for bringing people together to share sweet memories.

TARGET AUDIENCE

- The Celebration Planners (Custom Cake Market)
- The On-The-Go Snackers (Takeaway Market)

Website goals and objectives

WEBSITE GOALS	WEBSITE OBJECTIVES
have an online presence	Streamline customer orders
Generate order inquiries	Reduce dependency on Social medial plartforms
Attract and manage customers	Improve costumer trust

KEY PERFORMANCE INDICATORS

- **Total website visits:** Track the number of unique local users landing on the site monthly.
- **Map navigation clicks:** Count how many users click the embedded map to find the shop on the R71.
- **Bounce rate percentage:** Monitor the percentage of users who leave the website after viewing only one page
- Number of orders processed on the website and the Physical Store

PROPOSED WEBSITE FEATURERS AND FUNCTIONALITY

- I will create important features such as :
- A homepage:
- About us page
- Products or services page
- A Functional Gallery which will showcase different cake designs

DESIGN AND USER EXPERIENCE

Colour Scheme

Primary colour: Pastel pink to represent frosting, sweetness, and celebration cakes.

Secondary colour: Warm chocolate brown for text, borders, and confectionery vibes.

Background colour: Creamy off-white for a clean, easy-to-read look.

Typography

Headings font: Playfair Display (a classy, elegant font for big cake titles).

Body text font: Arial or Roboto (a clean, simple font for easy reading).

Font hierarchy: Large bold titles, medium sub-headings and small plain body text.

Layout and Design Approach

- Visual approach: elegant visual representation of the cake photo which are cleanly

User Experience Considerations

- Mobilefirst view: Easy scrolling on phones since most local customers use smartphones.
- Fast navigation: A clear sticky menu bar to find contact info instantly.

TECHNICAL REQUIREMENTS

Hosting and domain requirements

I will host the website with the help of absolute hosting. Absolute hosting is a company that host websites for various business at an affordable price

The name of the domain will be tsletsconfectionary.co.za

LANGUAGES

- JAVASCRIPT
- CSS
- HTML

TIMELINES AND MILESTONES

Week 1: Research about the bakery, plan the text content, and sketch a basic design.

Week 2-3: Create the web pages using HTML and add your text.

Week 3-4: Style the website with CSS colors, add cake photos, and test it on a phone and PC.

Week 4-5: Enhancing Functionality by adding javaScript

End of Week 5- Submitt the fully functional Website
